**Three Injured**

Three persons were injured when a car driven by Earl D. Harris, 19, failed to straighten out after rounding a corner at 190th and Hawthorne Blvd. last Monday.

Harris and his two passengers, Monroe N. Rutledge, 23, and Marline Martin, 19, were taken to Harbor General Hospital with minor injuries.

 back in 1913, at a location very near where the Time Building now stands. In 1945 he expanded his operation and moved into their new plant on Western Ave. and 190th St.

The company, which celebrates its 40th anniversary next year, produces a wide range of aluminum products for both commercial and defense use.

Telecasting the intricate workings of this sprawling industrial giant required another of the fantastic technical setups this television program has become so justly famous for during the past year. Four cameras, a complete mobile remote unit and at least 2,000 feet of cable were needed to beam a television signal to Mt. Wilson for rebroadcast by the KTTY transmitter there.

Success Story is beamed every Friday on the Channel 11 station. Karl Schlichter writes the series which is directed by Ed Roden with technical direction by Joe Bluth.
